**A total of 128 credits needed for graduation. A grade of C- or better required in all Bioscience Core, BMS:MM Core, and Major Elective courses.**

<sup>1</sup> Inquiry requirement is met by BIOL 411

<sup>2</sup> Students applying to health profession schools need a full year of English, a full year of Organic Chemistry, and a full year of Introductory Biology. ENGL 502 or 503 should be taken in addition to ENGL 401; CHEM 651/653 and CHEM 652/654 should be taken in place of CHEM 545/546. See <http://www.unh.edu/premed-advising/curric.htm>

<sup>3</sup> Capstone experiences include research experiences (BMS 795-4 credit minimum), senior thesis (BMS 799-4 credit minimum), BMS 635 (4 credit minimum), an approved internship, or approved course (see Major Electives with "C" designation on next page). Capstone experiences usually occur in the final year but may be completed during the previous summer if the student has completed 90 credits. (see <https://www.unh.edu/discovery/discovery-program-capstone-experience>)

<sup>4</sup> PSYC 402 and SOC 502 are acceptable alternatives.

<sup>5</sup> BMS 706/708 was not a major requirement prior to Fall 2015
