Donation/Lease Questionnaire

Date:  
Owner:  
Phone:  
e-mail:  

Basic Information

1. What is your horse’s name, age, gender, breed and height?  
2. Where is the horse presently located?  
3. How long have you owned the horse?  
4. What level rider do you consider yourself?  
5. Why are you interested in donating the horse rather than selling them?

Veterinary History

For the following questions, if the answer is YES, please elaborate.

6. Has the horse had any history of lameness, respiratory issues, digestive problems or on any medications?  
7. What are the supplements or joint injections your horse is currently taking?  
8. Does the horse have any special dietary, veterinary or shoeing needs?  
9. Does your horse require sedation for routine care?  
10. What is the horse’s current living/turnout arrangement, grass, dirt, both & what gender does your horse best get along with?  
11. Does the horse have a negative Coggins test (i.e., within 6 months) and current vaccinations (UNH requires EEE/WEF, rhino, flu, tetanus, WNV, rabies and strangles)? In order for your horse to come to UNH during the trial period your horse must have the Flu/Rhino vaccine within 3 months.  
12. Does the horse have any history of stable vices?
Work History

For the following questions, if the answer is YES, please elaborate.

13. Is the horse presently in work on a regular basis? If so, how much? If not, when was the last time the horse was ridden or was in regular work?
14. What is the horse’s work history/training history?
15. Has the horse had any dressage training?
16. Does the horse jump?
17. Has the horse ever competed? If so, in what discipline and at what levels?
18. Has your horse ever bucked or reared under saddle?
19. What type of tack do you use on your horse?
20. What level of rider is the horse best suited for?
21. Has the horse been ridden in a group of horses, in an indoor arena and/or on trails? What is the horse’s behavior in these situations?
22. Does your horse get along with other horses? Mares-Geldings-Both
23. How is the horse to handle and work around unmounted?
24. How does your horse trailer and load into the trailer?
25. Does the horse have any history of behavioral problems when being handled or ridden?
26. Is there anything else that you think it would be helpful for us to know about your horse?
