

A Bachelor of Science Degree in Biomedical Science can serve as your springboard to many exciting careers, including:

Biomedical Research

Universities
Research Institutes
Hospitals
Industrial Research & Development
Research Assistant
Research Scientist

Hospital & Medical Industry

Medical Laboratory Scientist
Reproduction Specialist
Cardiovascular Technologist

Entry into Professional Study

Physiotherapy
Dentistry
Veterinary Science
Osteopathy
Chiropractic
Biomedical Engineering
Naturopathic Medicine
Genetic Counseling
Medical Doctor
Podiatry

Industry-Based

Product Development & Testing
Microbiology
Toxicology
Reproductive Technologies
Pathology Technician
Biochemistry
Molecular Technologies
Forensic Technologist
Food Industry & Technology

Broader Health Care Industry

Health Policy Development
Health Economics
Health Promotion
Public Health

Information

Patent Law/Attorney
