

INTENT TO MINOR IN GENETICS

Student Name _____ Student ID _____
Expected Graduation Date (month/year) ____ / ____ Email _____
Major _____ Major Advisor _____
Major Advisor's Signature _____

My signature below indicates that I understand and agree to the following statements:

- i) My eligibility to receive a Genetics minor is dependent on Genetics Program approval.
- ii) The Genetics Minor requires completion of 20 credits with a C- or better and an overall GPA of 2.0 in all minor courses.
- iii) All Genetics minors must take GEN 604 *Principles of Genetics*.
- iv) At minimum, one course must be selected from each of the two lists (Transmission/Population Genetics and Molecular Genetics) on the Genetics website.
- v) Four credits of GEN 795 *Investigations* may be counted as one course toward fulfillment of the minor but cannot be counted toward Category 1 or Category 2.
- vi) Pass/fail courses can not be used to fulfill minor requirements.
- vii) No more than 8 credits used to fulfill major requirements can be applied to the minor requirements.
- viii) It is my responsibility to submit the Certification of Completion of Minor form, found on the Genetics website, when requirements are complete or at the start of my final semester at UNH.
