

Capstone Approval Form for Biology, Zoology, and MEFB Students

Complete the information below. Remember that IN ADDITION TO the experience you describe below, **you also MUST enroll in BIOL 780 during the semester of your experience.** If your experience is two semesters (e.g., thesis), take BIOL 780 during the second semester. If your experience is in the summer, take BIOL 780 the fall immediately following.

A capstone experience must be completed after you have earned (completed) 90 credits and must meet ONE OR MORE of the following of the University's capstone criteria:

1. The student synthesizes and applies disciplinary knowledge and skills.
2. The student fosters reflection on their learning and experience.
3. The student demonstrates emerging professional competencies.
4. The student applies, analyzes, and/or interprets research or data.
5. The student explores areas of interest based on the integration of prior learning.

Student Name: _____ **Major:** _____

Email: _____ **Expected graduation date:** _____

Description of Capstone Experience. Please provide below a brief description (~1 paragraph, typed) of your planned capstone experience and how it fulfills the criteria outlined above.

Signatures:

Student: _____ Date: _____

Capstone Mentor: _____ Date: _____
