UPCOMING SPRING COURSE PRE- REGISTRATION

Don't forget to make an appointment with your academic advisor!

Registration dates: (by credits completed!)

Seniors (90 or more credits): 11/21 - 11/30

Juniors (58-89 credits): 11/28-11/30

Freshman (0-25 credits): 12/1 - 12/5

Sophomores (26-57 credits): 12/6 - 12/9

Prepare for your advising appointment!

Join the new Animal Science Advising site on Canvas! Watch your email for an invitation to join. Here you'll find tutorials on how to search for courses, use Webcat and YouScheduler and so much more!

Make a plan for your Spring 2023 semester, along with any J-term and Summer goals and bring it to your appointment!

Ensure there are no holds on your account! Reach out to the Business Services office and Registrar's Office for questions.

CHECK OUT SOME NEW SPRING ANSC COURSE OPTIONS!

ANSC 627 Animal Health Applications

Use a case-based approach to integrate foundational concepts of animal anatomy and physiology with animal health and disease; hands-on, using a variety of species!

ANSC 690 Livestock and Wildlife in Namibia

This course will focus on understanding beef cattle, sheep, and meat goat industries, as well as managed wildlife that are indigenous to Southern Africa. Understanding community conservation, commercial and communal conservancies, as well as the role of national parks and private land in managing wildlife and livestock will be done both on campus and during the 8-day study abroad component, over UNH's Spring Break. WI/WC Discovery Credit. Registration limited to juniors and seniors. Permission required - reach out to Dr. Conroy for more information.

ANSC 543 Technical Writing in Animal Science will be shifting to a spring course! Check it out this Spring 2023 for WI Credit!

HAVE GOALS BIGGER THAN YOUR COURSEWORK? WE'VE GOT A LINK FOR THAT!

- Explore options to broaden your horizons with [UNH Study Abroad](#)
- Pursue a [research idea](#) with the Hamel Center for Undergraduate Research
- [Find an internship or local job](#) on the ANSC Facebook page
- [Build your resume](#) and practice interviewing skills with the St. Martin's Career Center.
- Apply for [COLSA ANFS Scholarships](#) - applications due March 1, 2023!

Congratulations to Dr. Pete Erickson who celebrates 25 years as faculty at UNH this fall!

Fun This Fall!

Liam and Lorcan made an appearance in AAS 423 Large Animal Behavior and Handling

UNH CREAM (ANSC 698) welcomed their 26th class!

The chickens arrived on campus for the 5th year of PEEP (ANSC 605)!
