UNH Therapeutic Riding Program

Celebrating 20 Years - 1989 to 2009

In February of 2012, a scholarship to honor the memory of their daughter, the late Sharon Hilton of Newmarket, was established by Gerald and Joan Holleran and Sharon's husband, George. The funds received will be used to provide needed financial assistance to the families of those enrolling in the Therapeutic Riding Program.

Sharon was one of the early volunteers in this program and recognized the positive impact it has on students.

The UNH Therapeutic Riding Program is a non-profit organization and will acknowledge all donations for tax purposes.
